Chapters, Salisbury Homeowner

*"The welcoming atmosphere and the opportunity to lead a more manageable, fulfilling life convinced me to move to the community."*

Jill, a proud Chapters Homeowner, believes that Platinum Skies has been a truly life-changing experience.

## FINDING ACCESSIBILITY

Jill lived alone in Romsey for 18 years, her primary considerations for moving were her decline in mobility after recently adopting a wheelchair and the lack of community.

"My Romsey home's garden was filled with steps and uneven terrain, which made my daily life quite challenging, especially during lockdown when I was shielding. Frustration set in, which prompted me to explore new living options." Living at Chapters has been a source of comfort for Jill, as it is entirely accessible "It's got everything that will make me feel confident, comfortable, secure, happy, and content."

## CHAPTERS, SALISBURY

Chapters is home to 198 one, two and three bedroom homes set amongst newly refurbished listed buildings, modern apartments, cottages and houses. All luxuriously finished and complemented by landscaped gardens that enclose a modern bistro, activity suite and wellness facilities.

## FRIENDSHIP & COMMUNITY

Jill holds the vibrant community at Chapters in high regard: "The welcoming atmosphere and the opportunity to lead a more manageable, fulfilling life were what ultimately convinced me to move to the [Platinum Skies] Salisbury community." "In Romsey, I knew a few neighbours, but within the first week here, I was able to name 30. It's the camaraderie and friendship that has been really important to me."

"As soon as you walk on-site, you feel really welcome. As we walked around, people were saying hello to me, before I'd even come here, and then I got to know those people when I did come here. It was really nice to feel welcome straight away."

Within Jill's first visit to Chapters, she had the pleasure of meeting Mick, Stuart, Gwen, and many other incredible individuals who had previously appeared in Platinum Skies' videos. She says, "Meeting them in person reaffirmed my decision."

Jill finds that living at Chapters has renewed her sense of purpose and excitement for the future. She enjoys a flat that overlooks the courtyard, views of the pond, and the soothing sound of a fountain, but most importantly, she has become an active member of a vibrant community.

"The array of activities is astounding." And, as for the Platinum Skies community managers, Jenny and Ashley, they have been "exceptional". Their dedication to organising events and ensuring the residents' happiness is commendable. "They make it easy

Jill was impressed with our unique shared ownership and part-exchange scheme. "The Shared Ownership scheme was great for me; it helped me release some equity and afford to buy a bigger apartment here, and I could move in before my house sale was completed. It was perfect in so many ways."
